An educational workshop provided for

Ohio
CHAPTER

ICD-9 ■ CPT ■ HCPCS
Reimbursement & Coding Seminar For
Cardiology

A full day of coding for physicians and staff
given by:

Mr. Ray Cathey
Certified Physician Assistant & Administrator

Reimbursement Difficulties?

While costs go up and revenue is lower, it is tough! We can assist NOW!
Correct and accurate coding is the essential ingredient.
Complete & rightful reimbursement is possible!

Tuesday, April 3, 2012

Cleveland, Ohio

Hilton Garden Inn - Airport
4900 Emerald Court S.W.
(Cleveland, OH 44135)

Wednesday, April 4, 2012

Columbus, Ohio

Hilton Garden Inn - Airport
4265 Sawyer Road
(Columbus, OH 43219)

(Seminars are from 9:00 am - 4:00 pm)

Special Section: 2012 Diagnosis Coding Update introduces new & revised codes that impact Cardiology. We'll review those changes & bring the latest CPT changes for 2012.

Bring examples of your coding and reimbursement problems. We'll find the specific Cardiology solutions together!

**(PLEASE BRING YOUR ICD-9, CPT BOOKS,
And three different colored markers)**

Sponsored by:

McVEY
ASSOCIATES, INC.

800-227-7888

26th Year

Correct Reimbursements From Medicare, Managed Care & Indemnity Payers

- Correlating your coding: Prospective payment means making those diagnoses count! Don't lose out on money that's rightfully yours. The proposed new guidelines will be discussed for your protection.
- Document and code for what you do. We must code from clear & concise procedure notes to withstand any carrier question or audit. We have answers and how to accomplish.
- Modifiers a key to opening the door to accurate reimbursement. Dealing with the latest definition of the -25 modifier could impact an increase or decrease in your revenue. It depends on your understanding and working within the new guidelines. We'll explore Cardiology's use of them all, including the AI modifier relating to consults.
- Many cardiology specific procedure codes and definitions for the past few years changed. What about changes and "clarifications" in 2012? Cardiac Cath codes were new in 2011.
- Bundling vs. unbundling by the payers. Medicare's CCI will give you a great start towards compliance. A new tool is now available.
- There are many CPT code changes, deletions or additions in 2012. Definitions on E & M documentation are expanding. We'll give you the latest changes for Cardiology in 2012.

L

Learn Cardiology Coding Techniques That Work!

- Advance information on the expected changes in Medicare billing and the new coding requirements. CPT changed how to use their book. Know the approaches to avoid extra work.
- Using both Volumes I & II to code ICD-9 diagnoses correctly - Coding to the highest degree of specificity is required for accuracy & payment: The "V" & "E" codes - when to use them for less billing hassle. How to include narrative "Rule Outs" in medical record documentation to improve reimbursement. **There were many 2012 ICD-9 changes effective October 1, 2011.**
- Exercises in Coding: Doing it right for Cardiology by reviewing your codes and making them work for you. Latest CMS word on consult vs. referral? When is it medical management of a patient vs. transfer of care?
- Guidelines for HCPCS Coding: We'll show you when to use both levels. Use all of the coding "Extras:" Modifiers, Special Procedures & Reports, Coding ICU visits and your special needs. What about year 2012 changes for diagnoses & procedure codes?

A

Advanced Cardiology Coding Techniques Ease Paperwork

- How do we capture carotid stenting in 2012?
- EECPPlethysmography, T-Waves Alternans - when to bill - the latest guidelines.
- Getting paid on the first insurance form submission. Learn what works! It is different between private, government & managed care insurers. Be aware of computer audits on ICD-9 vs. CPT in Medicare's Correct Coding Policy. You'll learn how to cut down on payment turnaround time.
- The latest on "non-selective" cath placement rules - guidelines, revisions.

Learn How To

HANDLE SPECIAL CARDIOLOGY SITUATIONS

- Electrophysiology changes
- Proper reimbursement for Echocardiograms w/ Doppler and color flow scans - latest on frequency rules
- Defibrillator or Pacemaker monitoring - telephone or in office - single or dual chamber follow- up guidelines
- Complete coding for heart catheterizations done at the same session as angioplasty - what to charge and what not to charge
- The latest EKG interpretation guidelines from CMS
- How to get properly reimbursed for critical care
- Coding emergency procedures after a consultation
- Radiology supervision codes
- How about the new drug-eluting stents?
- Coding different "approaches" for stents & plastic

About your seminar leader:

Ray Cathey's background is unique in support of Cardiology practices. He has also assisted thousands of Cardiologists and staff across the U.S. over the past thirteen years. The result has been appropriate payments of insurance claims that would have otherwise been underpaid. Having degrees in health care administration and health care sciences, as a registered nurse, and as one of the initial certifications in the Physician Assistant Program, you will find Ray's knowledge extensive. His training and consulting work is based on current work-place experience and success in recovering maximum, rightful reimbursements for Cardiologists in both the for-service and managed care/capitation arenas. No one has trained more Cardiology offices in insurance reimbursement across the nation. We count Ray Cathey as one of the top three Cardiology insurance coding and practice management experts in the country. We invite you to discover why and register today.

Terry L. McVey, President

Beginning October 2011 there were over 460 new, revised or deleted 2012 ICD-9 codes. We'll have the latest for you on the many 2012 CPT changes, and those impacting Cardiology practices.

Registration Form

ACT NOW!

We are registering _____ person(s) for the Ohio Chapter of A.C.C. sponsored Cardiology Coding seminar. We will receive a workbook, all materials & refreshments. Lunch is on your own. Confirmation by fax.

- Ohio Chapter of A.C.C. member fees are: \$255 first person, \$230 each additional.
- Non member fees are: \$280 first person, \$255 each additional.

WE PROVIDE ANSWERS

- Does Medicare's "Pay for Performance" work for cardiology?
- We bill Medicare electronically and heard we can now list up to 8 diagnoses. Is it true?
- Can I bill for 3 or more stents in the same vessel?
- CMS has eliminated payments for consultations. Now what?
- What E & M service should be used instead of consult codes?
- Can I bill for the S & I's (93555 & 93556) for each injection procedure during a heart cath?
- Our office has problems coding concurrent care. Is there a secret to getting paid correctly the first time without delays?
- My physician is making aorto-iliac injections. How do I code for these?
- What's the best way to get reimbursement on an echocardiogram when the result is a normal test?
- What's your suggestion on getting paid for a bilateral ileofemoral injection procedure?
- Visit & procedures on same day - How do I code? Is there a modifier issue?

The McVey Guarantee

We unconditionally guarantee your full tuition for up to one year. After attending, if you did not feel the investment worthwhile, please write to us with your comments. We believe in the value of our seminars and services - and we think you will too!
